

Interleave Quilt Workshop

March 20, 2021, via zoom

10:00am – 4:00pm (PST)

Fabric Requirements for Small Wall hanging (~15" X 15"):

- 4 fat quarters of cotton quilting fabric (each fat quarter should measure ~18" X 20")
Select 4 fabrics that go well together to use for the quilt top. There should be some contrast between the 4 top fabrics – if they all blend together too much the interleave design won't stand out. Batiks work well, as do mottled prints (like Grunge). Printed fabric (with a motif) should be used as 1 fabric and combined with 3 others that read a solid.
- 1 fat quarter for backing
- 1 fat quarter of light-colored cotton fabric (muslin)
- Hobbs 80/20 batting (recommended), ~20" X 20" (fusible if available)

Fabric Requirements for Lap Quilt (~43" X 62"):

- 1m each of 4 fabrics - cotton quilting fabric
Select 4 fabrics that go well together to use for the quilt top. There should be some contrast between the 4 top fabrics – if they all blend together too much the interleave design won't stand out. Batiks work well, as do mottled prints (like Grunge). Printed fabric (with a motif) should be used as 1 fabric and combined with 3 others that read a solid.
- 1.7m backing
- 1.7m light-colored cotton fabric (muslin)
- Hobbs 80/20 batting (recommended), ~45" X 70" (fusible if available)

Supply List (for either size):

- Large cutting mat (at least 18" long)
- Rotary cutter with new blade
- Rulers, 6" X 24" and 15" X 15"
- Scissors
- Iron/pressboard
- Sewing machine prepared to sew a ¼" seam allowance with a **walking foot**
- New machine needle (Microtex if using Batik fabrics)
- Cotton piecing thread (I recommend Aurifil 50/2 in medium grey)
- Ultra-fine Sharpie
- Chalk or washout marking pen
- Pins
- 505 Spray Baste if not using a fusible batting

- Freezer paper, 20" X 10" (not required for lap quilt)
